Expand the Capabilities of Your System with Full Control from Your Mobile Media Station

The Mobile Media Stations are designed to be the centre of an extensive entertainment and information system. Alpine offers numerous ways for you to expand your system, taking advantage of the large, high-clarity display and convenient Touch Screen operation.

Drive Safe, Drive Sure

Drive Assist Camera System offers four viewing modes that make it easier to park, reverse and manoeuvre in tight spaces.

Power Up

Use the compact, high-performance PDX amps to build a powerful, multi-speaker system with one or more subwoofers and better speakers.

Stay Connected

Bluetooth Module gives you hands-free calling, full phone book access, voice dial and AV streaming.

Wow Your Riders

The KCE-635UB offers a great way to upgrade any monitor or legacy Mobile Media Station (with Video AUX input).

Guide Your Ride

The advanced navigation module NVE-M300P with acceleration sensor offers high accuracy and many convenient functions.

With a 6.5" PulseTouch Display, this 2-DIN model gives you a clear view and easy media control, plus Full Speed connection for iPod.

IVA-W202R
